SKILLS SUMMARY

Web Development and Graphic Design:

HTML | CSS | JavaScript | TypeScript | Bootstrap | Tailwind | SASS | MongoDB | PostgreSQL | Node.js | Scala | React.js | Vue.js | Nuxt.js | Redux Toolkit | Pinia | RESTful API | Responsive Mobile First Web Design | Adobe Photoshop | Adobe Illustrator | Adobe InDesign | Adobe XD | Adobe Lightroom | Figma

PROJECT EXPERIENCE

- **Check ME:** Involved in an ongoing project and task organizer app commenced on November 2024 as an in-house app to be used by the company (Vauldex Technologies). The API uses Scala Playframework and PostgreSQL for the database and Vue for the frontend.
- **Study App:** Created my personal local-based study app using React. It is still in its early development, and its data is momentarily persisted in the browser local storage.
  - Link: https://martoms-study-app.vercel.app/
- **Official Portfolio:** Created my official portfolio after the Zuitt Coding Bootcamp using the MERN stack, hosted GitHub and deployed on Vercel.
  - Link: https://martoms-studios.vercel.app/
- **Best in Capstone**: Created a full stack e-commerce website during the Zuitt Coding Bootcamp using the MERN stack, hosted GitLab and deployed on Vercel.
